---

John,

We looked into a video conference and found out that our Agency's video conference equipment is broken and IT does not know when it will be fixed. I am sorry about that! Could we meet in Ardmore again to talk about the ESI sampling? Or would you rather that Todd, Hal and I drive to Dallas to meet with you guys? We can do either. Todd would like to get something set up for the 1<sup>st</sup> week of April if possible. April 6<sup>th</sup> – 8<sup>th</sup> are open for us.

Thanks!

Amy
